

marfa light
assembly instructions

- 1** Screw the short rod in to the threaded hole at the base of the garden torch's pole.

- 2a** If the ground is soft, hold on to the garden torch's pole and just push the rod in to the ground.

- 2b** If you want to stand the garden torch in a paving stone, asphalt, ice or if the ground is frozen, please pre-drill a hole of similar diameter to the garden torch's rod before inserting it in to position.
